

Flag Folding

1. Fold the flag in half lengthways twice. The flag should now be one quarter of its original width.

2. Now fold the flag in half, so that it is half of its original length.

3. Pull the flag so that it is taut.

- 4 & 5. Now fold the flag so that it concertinas.

6. When you reach halfway up the flag roll it, instead of folding.

7. The flag can now be attached to a pole. You will need to wrap the string or halyard around the flag and tuck it in, to prevent the flag from unfurling prematurely.
